Sweet cherry preserves dominate an aromatic set that includes balsa wood, a touch of rose petals and orange zest. The wine's flavors are a rich mix of cherries, a warm baked scone and Tahitian vanilla. The tannins are integrated and the wine's acidity is on the sleepy side.

Sourced from a 1983 planting of the Wädenswil clone, the old vine fruit matured with extended aging (30 months) in barrels, has big and bold flavors.
